

# Retirement Living Solutions

**Cashless, Convenient, Simple, & Safe!**

**Connect your community with a cashless and integrated solution for food services, retail, laundry, access control, and more!**

## Safe

- Eliminate cash handling
- Reduce the risk of theft

## Scalable

- Accommodate a single site, or large multi-site networks

## Secure

- Cloud-based platform
- Highest security standards

## Simple

- Easy to administrate
- Effortless user experience for residents, staff, and family members

## Efficient

- 99.9% uptime
- Reduce waiting with fast transactions
- Increase Revenue while cutting costs

## Supported

- Personalized support from experienced service professionals
- 24/7/365 hotline

## Online Account Management

- Integrate with existing employee and resident databases.
- Utilize payroll deduction for your employees.
- Residents and family members can replenish accounts and view transactions.

## Point of Sale Solution for Retail & On-Site Services

- Connect your residents to their account at onsite convenience stores and pharmacies, retail shops, salons and spas, and so much more!
- Payments can be deducted directly from account.
- Friends and families will appreciate the flexibility of paying with cash, credit, and debit.

## Meal Plans

- Built in meal plan and transaction management.

## Parking

- Control access to and charge for parking in your community.

## Laundry

- Allow residents and staff to use laundry facilities without having to handle change or cash, and charge directly to an account.

## Vending

- Residents and staff can purchase items from the vending machine using their id card, or other means of verification.

## Attendance

- Time accounting for employees.
- Provide ticketing for community events.

## Access Control

- Integrated with most door access solutions — connect directly with user accounts to verify permissions and access rights.
- Limit access to areas in your retirement community based on user's rights.
- Record who is entering and exiting buildings.

## Reporting

- Detailed, real time reporting along with photo identification.
- Provides accurate and important information to staff and family members anywhere, anytime.
- Allergy alerts, request notices, assistance and special needs.
